## RISK DISCLOSURES

---

- **ACQUIRING AND TRADING BITCOIN, ETHER, WPP TOKENS OR ANY OTHER BLOCKCHAIN ASSET CARRIES A HIGH LEVEL OF RISK, AND MAY NOT BE SUITABLE FOR YOU. YOU SHOULD BE AWARE THAT YOU MAY SUSTAIN A TOTAL LOSS OF THE FUNDS.**
- The WPP TOKENS are not a security or a currency. WPP TOKENS are not an investment and should not be held as an investment or for speculative or financial purposes. There is no guarantee – indeed there is no reason to believe – that WPP TOKENS will increase in value.
- WPP TOKENS may be subject to high volatility in terms of price and WPP TOKENS may decrease in value. This document does not constitute or form part of, and should not be construed as any offer for sale or subscription of, or any invitation to offer to buy, or subscribe for, any securities, nor should it or any part of it form the basis of, or be relied on in any connection with, any contract or commitment whatsoever.
- The WPP TOKENS do not grant their holder ownership or equity in the Company or the right to participate in the control, direction or decision-making of the Company.
- **Anyone who decides to hold WPP TOKENS by making a donation during the ITO acknowledges, agrees and certifies that they are doing so not for investment but to participate in the WPP community and to support and to participate on the WPP network.**
- Do not make a donation and acquire WPP TOKENS if you do not have experience with, and an understanding of, the usage of block-chain-based software systems and cryptographic tokens like Bitcoin.
- Prior to donating under the Pre-ITO or ITO, you should carefully consider the risks listed below and, to the extent necessary, consult an appropriate lawyer, accountant, or tax professional. If any of the following risks are unacceptable to you, you should not acquire WPP TOKENS.

○ When participating in the ITO, please consider the following risks:

- The risk of loss in acquiring WPP TOKENS may be substantial and losses may occur over a short period of time;
- The price and liquidity of WPP TOKENS has been subject to large fluctuations and may be subject to large fluctuations in the future;
- Legislative and regulatory changes or actions in your local jurisdiction or at the international level may adversely affect the use, transfer, exchange and value of WPP TOKENS;
- In your jurisdiction, the Company may not be regulated as a financial institution, any WPP TOKENS deposits in your personal account may not be considered deposits under the laws, rules or regulations applicable in your jurisdiction and may not be subject to applicable deposit insurance protection;
- WPP TOKENS are not legal tender, are not backed by any government, transactions may not be irreversible, and, accordingly, losses due to fraudulent or accidental transactions may not be recoverable, some WPP TOKENS transactions shall be deemed to be made when recorded on a public ledger, which is not necessarily the date or time that you initiate the transaction.

○ **RISK OF LOSING ACCESS TO WPP TOKENS DUE TO LOSS OF PRIVATE KEYS**

Users must send bitcoin from a Bitcoin address from which the donor controls the private keys. Failure of the user to safeguard these keys will result in the loss of WPP TOKENS. Best practices dictate that users safely store their private keys in one or more backup locations geographically separated from the working location.

○ **RISKS ASSOCIATED WITH USER CREDENTIALS**

Any third party that gains access to the WPP TOKENS holder's login credentials or private keys may be able to dispose of the holder's WPP TOKENS. To minimize this risk, holders should guard against unauthorized access to their electronic devices.

## ○ RISK OF UNFAVORABLE REGULATORY OR LEGAL ACTION IN ONE OR MORE JURISDICTIONS

Cryptographic tokens, cryptocurrencies and block-chain technologies have been the subject of scrutiny by various regulatory bodies and agencies around the world and currently face an uncertain regulatory landscape. In the near term, certain jurisdictions may adopt laws, regulations, or directives that affect block-chain technology, cryptographic tokens, cryptocurrencies and their end users.

One or more countries may take regulatory actions in the future that severely restricts acquiring, owning, holding, selling, or using or converting cryptographic assets into fiat currency. The functioning of the WPP network and WPP TOKENS could be impacted by one or more legal or regulatory inquiries or actions, including but not limited to restrictions on the use or possession of digital tokens like WPP TOKENS, which could impede or limit the development of the WPP network. The effect of any future regulatory change on the WPP TOKENS and WPP network is impossible to predict.

The ability for users to interact with the WPP network in some or all jurisdictions could be eliminated by future regulation and/or legal action. In the event that it is not legal for users to interact with the WPP network in such jurisdictions, the user base may be adversely affected.

**Further it is possible that regulatory bodies in one or more jurisdictions may seek to censor content available on the WPP platform or restrict access to the WPP blockchain for an extended period of time or indefinitely, which may adversely affect the WPP network.**

## ○ RISK OF INSUFFICIENT INTEREST IN THE NETWORK OR DISTRIBUTED APPLICATIONS

It is possible that the WPP network will not be used by a large number of businesses, individuals, and other organizations and that there will be limited public interest in the creation and development of our applications. Such a lack of interest could impact the development of the WPP network and therefore the potential uses and value of the WPP TOKENS.

○ **RISK THAT WPP TOKENS WILL NOT MEET THE EXPECTATIONS OF WPP TOKEN HOLDERS**

WPP network and block-chain are presently under development and may undergo significant changes before release. Any expectations regarding the form and functionality of the WPP TOKEN by holders of WPP TOKENS may not be met upon release, for any number of reasons, including a change in the design and implementation plans and execution of WPP network.

○ **RISK OF THEFT AND HACKING**

Hackers or other groups or organizations may attempt to interfere with our network or the availability of WPP TOKENS in any number of ways, including without limitation denial of service attacks, Sybil attacks, spoofing, smurfing, malware attacks, or consensus-based attacks.

○ **RISK OF SECURITY WEAKNESSES**

Our network consists of open source software that is itself based on open source software. There is a risk that the developers funded by the Company, or other third parties may intentionally or unintentionally introduce weaknesses or bugs into the core infrastructural elements of our network interfering with the use of or causing the loss of WPP TOKENS.

○ **RISK OF WEAKNESSES OR EXPLOITABLE BREAKTHROUGHS IN THE FIELD OF CRYPTOGRAPHY**

Advances in cryptography, or technical advances such as the development of quantum computers, could present risks to cryptographic tokens and our platform, which could result in the theft or loss of WPP TOKENS.

## ○ **RISK OF SIGNIFICANT VOLATILITY IN DIGITAL CURRENCIES**

The value of cryptographic tokens, including bitcoin and the WPP TOKENS, is highly volatile and can be affected by a number of factors, including, without limitation, market sentiment, blockchain news, attacks and/or hacks, potential regulatory measures, global or regional political, economic or financial events and situations and the launch of new competing cryptographic tokens. Further, we will use donations received from the ITO to fund development of our network.

The donations made will be denominated in bitcoin, and possibly converted into other cryptographic tokens or fiat currencies to pay for such things as network development expenses. If the value of bitcoin or other cryptographic tokens fluctuates unfavorably during or after the ITO, we may not be able to fund development, or may not be able to sponsor development of the our block-chain in the manner that it intended or promised.

## ○ **RISK OF EXCHANGES AND AN ILLIQUID MARKET FOR WPP TOKENS**

There are currently no exchanges upon which WPP TOKENS might trade. Exchanges on which certain other cryptographic tokens like bitcoin currently trade are relatively new and are subject to unclear and uncertain regulatory oversight.

Such exchanges may therefore be more exposed to fraud, security failures and other operational issues than established, regulated exchanges for other products. To the extent that the WPP TOKENS are listed on any exchanges in the future, and any exchange representing a substantial portion of the volume in WPP TOKENS trading experiences fraud and/or operational or security failure, such an event could result in the loss of WPP TOKENS and/or a reduction in the value or liquidity of the WPP TOKEN.

Even if WPP TOKENS are listed on an exchange, if there are very few people buying or selling WPP TOKENS, the market for WPP TOKENS could be illiquid.

○ **RISK OF UNINSURED LOSSES**

Unlike bank accounts or accounts at some other financial institutions, funds held using the blockchain network are generally uninsured. In the event of loss or loss of value, there is no public insurer or private insurer, to offer recourse to the token holders.

○ **RISK OF DISSOLUTION OF OUR PROJECT**

It is possible that, due to any number of reasons, including without limitation, an unfavorable fluctuation in the value of bitcoin, unfavorable fluctuation in the value of WPP TOKENS, the failure of developers to complete projects or their unwillingness to complete projects, ascendancy of competitors and/or competing intellectual property claims, the WPP network may no longer be a viable project and may dissolve or fail to launch.

○ **RISK OF TAXATION**

WPP TOKEN holders may be subject to adverse or unexpected tax implications or consequences in one or more jurisdictions if donations are made under the ITO, WPP TOKENS are held, WPP TOKENS appreciate or depreciate in value over time. You should consult your own legal counsel and tax advisor as to legal and tax matters concerning WPP TOKENS.

○ **UNANTICIPATED RISKS**

**DIGITAL CURRENCIES AND CRYPTOGRAPHIC TOKENS ARE NEW AND UNTESTED TECHNOLOGIES. IN ADDITION TO THE RISKS SET FORTH HEREIN, THERE ARE RISKS THAT CANNOT BE ANTICIPATED. RISKS MAY FURTHER MATERIALIZE AS UNANTICIPATED COMBINATIONS OR VARIATIONS OF THE RISKS SET FORTH HEREIN.**

- The market value of WPP TOKENS may be derived from the continued willingness of market participants, which may result in the potential for permanent and total loss of value of a particular WPP TOKEN coin should the market for those tokens disappear.

- The nature of WPP TOKENS may lead to an increased risk of fraud or cyber-attack, and may mean that technological difficulties may prevent the access to or use of your WPP TOKENS.
- The prices quoted on the Website or electronic online exchanges may not necessarily reflect the broader market.
- The use of electronic trading or exchange systems and communication networks to facilitate trades exposes you to risks associated with the system including the failure of hardware and software system or network down timed access or connection failures. You acknowledge that we shall not be responsible for any services disruptions, errors or delays that you may experience while using its services.
- Cryptocurrency trading is one of the riskiest forms of investment available on the financial markets and is only suitable for sophisticated individuals and institutions. Given the possibility of losing an entire investment, speculation in cryptocurrency exchange markets should only be conducted with capital funds that if lost will not significantly affect your financial wellbeing.
- You should neither construe any of the material contained herein as business, financial, investment, hedging, trading, legal, regulatory, tax, or accounting advice nor make this service the primary basis for any investment decisions made by or on behalf of you, your accountants, or your managed or fiduciary accounts, and you may want to consult your business advisor, attorney, and tax and accounting advisors concerning any contemplated transactions.
- **YOU ACKNOWLEDGE AND AGREE TO PARTICIPATE IN THE ITO AND USE THE WEBSITE AT YOUR OWN RISK. THE POINTS NOTED ABOVE APPLY TO ALL USERS. HOWEVER, THIS BRIEF STATEMENT DOES NOT DISCLOSE ALL OF THE RISKS ASSOCIATED WITH ACQUIRING OF WPP TOKEN TOKENS. YOU SHOULD, THEREFORE, CAREFULLY CONSIDER WHETHER SUCH ACQUIRING IS SUITABLE FOR YOU IN LIGHT OF YOUR CIRCUMSTANCES AND FINANCIAL RESOURCES. PLEASE CAREFULLY CONSIDER YOUR OBJECTIVES, LEVEL OF EXPERIENCE, AND RISK APPETITE BEFORE PARTICIPATING IN THE ITO AND USING THE WEBSITE.**
